2019 Introduction

- Explicit effort to preempt cities in lieu of state authority across the board seems to be declining slightly
- All so-called “super-preemption” bills died, for example
- But trend to try and politicize cities is on the increase
- One example of this is increased use of population brackets in bills

- HB 3143: Tax Abatement Extension
 - New hearing and 30-day notice requirements added
 - How viable are 312 agreements in light of a 3.5% cap?
 - 380 agreements almost unworkable as they count directly against rollback rate
- SB 2: 3.5% rollback rate cap on cities
 - De minimus relief for cities under 30,000 population: can adopt rate that levies \$500,000
 - 3-year “banking”
 - Bad CO provision removed
 - Effective January 1, 2020

Session Video Clips

Online Sales Taxes

- US Supreme Court ruled in our favor recently
- Comptroller issued rules October 19, believes no legislation strictly required to begin state and city collection
 - \$500,000 threshold vs \$100,000 in *Wayfair*
 - October 1, 2019 start date for collection
- HB 1525: shift all sourcing, including in-state, to destination if goods sold at certain “marketplaces”
- HB 2153: Comptroller-recommended legislation affects city share
 - Blended rate instead of individual city rates
 - Cities collect based on current sales tax collections, not actual deliveries from out-of-state retailers
 - TML must stay clear of these city-v-city sourcing issues

Purchasing and Contracting

- HB 1999: Construction right to cure
- HB 793: Some relief from can't-boycott-Israel contracting bill from 2017
